***70 YEARS OF NATO:  
WHAT IS THE HISTORICAL BALANCE?  
EXIT FROM THE WAR SYSTEM, NOW.***

**Florence, Sunday 7 April 2019**

**CINEMA TEATRO ODEON**

**Piazza Strozzi**

**10 am – 6 pm**

Being aware of the growing danger of the world situation, the drama of ongoing conflicts, the acceleration of the crisis, we believe that it is necessary to make public opinion and parliaments understand the risk of a major war.

It would not be in any way similar to the world wars that preceded it and, with the use of nuclear weapons and other weapons of mass destruction, it would put at risk the very existence of Humanity and Planet Earth, the Common Home in which we live.

The danger has never been so great and so close. We cannot risk, we must multiply our efforts to get out of the war system.
