

Canada exported over \$21 million in military goods to Israel in 2022, including over \$3 million in bombs, torpedoes, missiles, and other explosives.

## WHAT IS PRATT & WHITNEY?!

Pratt & Whitney, a subsidiary of Raytheon (RTX), has been selling aircraft engines to the Israeli military since 1947. Since 2010, Pratt & Whitney Canada has received at least \$600 million in interest-free loans from the Government of Canada.

## PRATT & WHITNEY AND THE ISRAEL ARMY

Pratt & Whitney is enabling Israel's genocidal assault on Gaza, which has killed more than 18,000 Palestinians, including 7,870 children, since Oct. 7.

P&W supplies the engines in the F35, F-15 & F-16 fighter jets that Israel is using to bomb Palestinians in Gaza.

P&W Canada manufactures the engines that power Israel's Heron TP (Eitan) UAVs.

P&W has a 15-year fleet management contract to service Israel's F-15 & F-16s, which they say is their "longest-term, most comprehensive performance-based logistics contract" and "sets a new benchmark for our military customers."

**P&W is proud of directly supporting Israel's military occupation for over 75 years. It's time we stop letting this company profit off of Israeli war crimes, crimes against humanity and apartheid.**

## WE CALL ON THE CANADIAN GOVERNMENT TO:

- Call for an immediate ceasefire
- Impose an arms embargo on Israel
- End its support for Pratt & Whitney & all companies complicit in Israel's assault on Gaza.

## **WORKERS FOR A FREE PALESTINE!**

We are workers and trade unionists who are taking action in solidarity with Palestinians and against Israeli apartheid. For more than two months, Israel has been carrying out a genocidal assault on Gaza that has killed more than 18,000 Palestinians, including 7,870 children. Canada is enabling Israel by supplying it with weapons.

## **WHAT ARE WE ASKING OF YOU?**

Do not go to work today. In solidarity with the Palestinian people, do not cross this picket line.

## **IT'S TIME TO END ISRAELI APARTHEID**

A coalition of 32 Palestinian trade unions, including those representing transportation, public service, municipal, educational, medical, and postal workers are calling on trade unions around the world to demand our governments end all military trade with Israel.

Israel is practicing a system of apartheid over the entirety of the Palestinian people, including Palestinians in the West Bank and Gaza, and inside Israel. Just as trade unions played a key role in ending South African apartheid, workers in Canada are mobilizing to end Israeli apartheid.
