### ***Empathy: Power for Healing***

*(From personal to international relations)*

**5-6:30 pm**

**Sunday, 11 February**

**Lady Goodfellow Chapel**

**University of Waikato**

Fear and pain are frequent contributors to violence in human affairs, from the nuclear family to international affairs. From the experience that empathy is the most powerful balm for healing human pain, and that giving it is a skill that can be learned. This interactive session will distinguish empathy from other good human interactions like sympathy and understanding.

Participants will have the opportunity to practice empathy in the context of their choice.

You are also welcome to attend at 3pm: **The Holy Experiment** - The little known history of the Pennsylvania Colony from 1681 to 1756, when the Quaker-led assembly ran the colony. It makes for a surprising story. Held in the Student Union building across the road from the chapel, next to the Rec Centre, SUB-G.20
